ΑΝΘΡΩΠΙΝΗ ΑΞΙΟΠΡΕΠΕΙΑ	Kind of dignity that we all as humans have , or are assumed to have, just because we are humans. This is the specifically human value. We have this dignity to the same degree, i.e., we are equal with respect to it, and a significant feature of it that it cannot be taken from us as long as we are alive.
ΑΞΙΟΠΡΕΠΕΙΑ ΤΟΥ ΗΘΙΚΟΥ ΑΝΑΣΤΗΜΑΤΟΣ	This is a dignity that is very much dependent upon the thoughts and deeds of the subject.
ΑΞΙΟΠΡΕΠΕΙΑ ΤΗΣ ΤΑΥΤΟΤΗΤΑΣ	It is the dignity that is attached to ourselves as integrated and autonomous persons, persons with a history and persons with a future, with all our relationships to other human beings.
ΑΞΙΟΠΡΕΠΕΙΑ ΤΗΣ ΔΙΑΚΡΙΣΗΣ	A person who has a rank or holds an office that entails a set of rights has a special dignity.  We may also acknowledge some informal dignities of merit. It is a question of cases where people have earned general merit through their deeds and deserve respect for this.
