### C. Complete the text with the appropriate words:

back up   hacked   internet   laptop   lie   link   problem   start   ~~switch on~~   update  
virus   website   work out

There's nothing worse than trying to switch on and finding that you can't \_\_\_\_\_ your computer, worse still, it's got a \_\_\_\_\_. Then you realize that you've forgotten to \_\_\_\_\_ your antivirus and that you have to telephone a helpline to see if a technician can \_\_\_\_\_ what's caused the \_\_\_\_\_. They usually ask you all sorts of questions to find out about your \_\_\_\_\_ use; whether or not you've clicked on any \_\_\_\_\_ to an unprotected \_\_\_\_\_ and if you have an antivirus protection. At which point you decide to tell a \_\_\_\_\_. .... Of course there's no chance anybody \_\_\_\_\_ into your computer! You always \_\_\_\_\_ your files and run regular virus checks on your \_\_\_\_\_!
