

## Group teaching example #2

Shared activity: Structured conversation

ΣΕΙΡΑ  
ΔΙΑΛΟΓΟΥ

→ Turn – taking to speak

# Structured conversation

Each folder includes 4 cards.

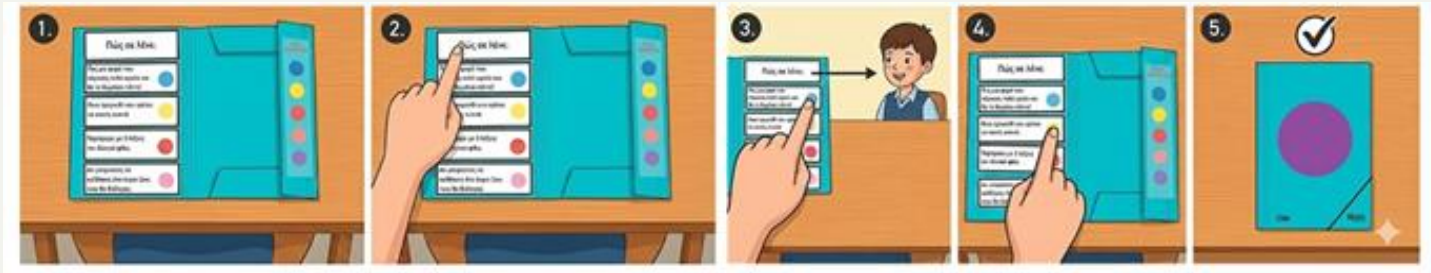

The first card tells the student to introduce himself to the others (“My name is...”)

The other three cards are questions to the person who holds the folder with the representative color on it.

Each color indicates who's turn is to ask questions to all other folder holders. Each student asks all the questions in his folder. Once he is finished, the next student in color line takes turn.
