

ΔΙΑΓΩΝΙΣΜΑ Β ΤΕΤΡΑΜΗΝΟΥ ΣΤΑ ΑΓΓΛΙΚΑ ΤΟΜΕΑ

ΤΑΞΗ:

ΟΝΟΜΑ:

ΗΜΕΡΟΜΗΝΙΑ:

PART A: READING COMPREHENSION

EX. 1 : Read the text and answer the multiple choice questions. /30pts

As part of our team, you'll share the pride in serving over 3.5 million customers with various types of primary energy such as coal, natural gas, wind and oil or hydroelectric, geothermal, solar tidal, and nuclear energy.

Right now, we still need oil and other fossil fuels to generate most of the electricity we produce for our customers. But the power production from our new Wind Power Unit 2, signals the beginning of a new era of decreasing dependence on oil and other fossil fuels.

With P.S.C. Wind Power Unit 2 on line and Solar Power Unit 1 in almost full operation, we will provide the same annual amount of electrical energy, equivalent to more than 20 million barrels of expensive low sulphur oil or natural gas.

If you would like to join a company with an exciting future, we have current openings for:

**Engineers**

- Civil
- Mechanical
- Electrical
- Electronics
- Telecommunications
- Computer
- Power

**Others**

- Sanitary Supervisors
- Training Instructors
- Shift Supervisors

P.S.C. offers a high salary and benefits package...

- the quality of life in Rosemead
- accommodation available
- *excellent working conditions*
- bonus
- four weeks annual leave

**P**OWER **S**OLUTION **C**ORPORATION

Where people generate  
ENERGY through INNOVATION
