**Stephen Sondheim's** stunning masterpiece centers on enigmatic painter Georges Seurat and his search for love, inspiration, and "the art of making art." One of the most acclaimed musicals ever, this Pulitzer Prize winner features a glorious score, with the songs "Finishing the Hat," "Putting it Together," and "Move On," and is directed by Artistic Director Peter DuBois (*A Little Night Music*), and features rising stars Adam Chanler-Berat (Broadway's *Peter and the Starcatcher* and *Next to Normal*) and Jenni Barber (*Wicked*).

"An audacious and touching work with a lovely, wildly inventive score"
